

Scale
 1:5000
 1 cm = 50 m

Legend
 Geological units:
 - Sandstone
 - Siltstone
 - Shale
 - Limestone
 - Claystone
 - Sandstone with shale
 - Sandstone with limestone
 - Sandstone with siltstone
 - Sandstone with claystone
 - Sandstone with shale and limestone
 - Sandstone with shale and siltstone
 - Sandstone with shale and claystone
 - Sandstone with shale and limestone and siltstone
 - Sandstone with shale and limestone and claystone
 - Sandstone with shale and limestone and siltstone and claystone

Notes
 1. This map was prepared by the author based on the geological map of the area and the borehole logs.
 2. The map shows the geological units and features of the area.
 3. The borehole logs show the stratigraphic columns of the area.

Geological Symbols
 - Well
 - River
 - Contour line
 - Grid line
